Re: U.S. Reissue Patent Application Serial No. 10/026,674 for
U.S. Patent No. 6,006,517 for PNEUMATIC ENGINE; Kownacki et al.

Dear Jessica:

In light of our various discussions and the decision to pursue the above-identified Reissue Patent Application as currently filed, we have enclosed several documents for Ronnen's signature.

These documents include (1) a Reissue Declaration for the Inventors; and (2) a Consent of Assignee form and a Statement Under 37 CFR 3.72(b). Please have Ronnen sign each of these forms and then fax them back to me at (202) 659-9344 with the original following by mail.

A copy of the Declaration has been sent to the coinventors Chuck Kownacki and Jeffrey Rehkemper for their signature.

Also enclosed are copies of the Official Filing Receipt and the Notice to File Missing Parts of Reissue Application in connection with the above-identified application. Please note that the official filing date was December 27, 2001, and that the application has been assigned Serial No. 10/026,674.

The above documents, along with the Completion of Application must be filed by October 8, 2002, so please have these documents executed and returned to me, as soon as reasonably possible.

If you have any questions, please call me.

Sincerely,

Michael T. Murphy
